FN1. The information provided by Connetics Corporation for 2006 excludes the following types of payments: items of nominal value (e.g., pens, notepads); the value of drug samples distributed pursuant to the Prescription Drug Marketing Act; the value of corporate events such as open receptions in conjunction with professional meetings which may have been attended by Minnesota practitioners, whether in Minnesota or other locations. Due to limitations in tracking capabilities, recorded payments may not capture all of the personnel in attendance. For example, references to "meals" could refer to a meal with a single practitioner, multiple practitioners, or office staff. Some practitioners were identified in company records only by last name, in which case those practitioners are presented separately.
