Re: State of Minnesota Payments to Practitioners Reporting 2007 (Minnesota Statutes 151.461 and 151.471)

Dear Sir/Madam:

This letter is in response to the annual reporting requirements under Minnesota Statutes 151.461 and 151.47 for calendar year 2007. To the best of our knowledge **Central Admixture Pharmacy Services, Inc.** has no items to report for the January 1, 2007 to December 31, 2007 annual period. On January 17, 2008, Kimi Gorman, from my office, communicated with Cody Wiberg, who advised her that a letter stating that there were no such items to report would satisfy the Minnesota requirements, and that it would not be necessary to submit a reporting form in connection therewith.

Please do not hesitate to contact me if you have any questions about our information.
Thank you.

Sincerely,

Eric Steen
