Dear Director Wiberg:

With submission of this letter, Schering-Plough Corporation reports certain payments in accordance with Minnesota Statute 151.47 (f). Schering-Plough Corporation reports on behalf of Schering Corporation, our human pharmaceutical business, and Schering Animal Health, our animal health business. Please note that the last report submitted to Minnesota for Schering Animal Health is from 2004. As a result, we hereby notify Minnesota that to the best of our current knowledge, no relevant payments were made in Minnesota by Schering Animal Health in the intervening years. To the extent we become aware of any such past payments; we will apprise you of them at that time.

Additionally, as you may be aware, Schering-Plough acquired the outstanding shares of Organon USA, Inc. this past November, thereby making Organon a part of Schering-Plough. Therefore, the attached reports include any relevant payments made in 2007 by Organon USA, Inc., the human pharmaceutical business, or Intervet, the animal health business acquired by Schering-Plough as a part of the Organon acquisition.

Thanks you and please do not hesitate to call me at 908-298-2292 if you have any questions regarding this information.

Sincerely,

A handwritten signature in cursive script that reads 'David Ralston'.
